TIC-TAC-TOE

We played Tic-Tac-Toe this month. Tic-Tac-Toe is a classic paper-and-pencil game for two players, usually marked as X and O.

How to Play

- * The Grid: The game is played on a 3x3 grid.
- * The Goal: Players take turns placing their mark in an empty square. The first player to get three of their marks in a row (vertically, horizontally, or diagonally) wins the game.
- * The Draw: If all nine squares are filled and no player has three in a row, the game ends in a draw (often called a "cat's game").

Why We Play

Our students gained awareness by getting to know different cultures by playing the same game simultaneously with the 6 partner countries in the project.
